

## MEDIA STATEMENT

The Racing Integrity Commissioner advises that an extension of time has been required for the examination of witnesses during the own motion inquiry into the withdrawal of charges against Richard Laming, Marnu Potgieter and MD Zeyaur Rahman.

It was expected that the examination of all witnesses would be completed by 23 April 2021, but the process has taken longer than anticipated with the final witness to appear on 4 May 2021.

It is now expected that an examination of materials received will be completed by the Office of the Racing Integrity Commissioner in early May 2021.

As a result, the preliminary report that was scheduled to be released in April 2021 will now be released in late May 2021.
